EDUCATION

Amity School of Engineering and Technology, Noida
Bachelor of Technology in Computer Science

Noida, Uttar Pradesh
2019-23

WORK EXPERIENCE

EquiCode

Lead Web Developer

April 2021 - Present

- Analyzed organization's audience and designed their official website using React.Js and TailwindCSS from scratch which displays basic information about its working and uses Google Sheets API to add details of attendees.
- Used TailwindCSS to enhance User Interface and make it user-friendly and written modern, performant, maintainable code to increase component reusability.
- Communicate with multi-disciplinary teams of engineers, designers, content creators and clients on a weekly basis.
